

Welcome!

The Group and Conference Services Department at Jackson Hole Mountain Resort is available to help you organize a memorable experience for your group. We're your one-stop shop for everything you'll possibly need here in Jackson Hole!

Why Jackson Hole is Special and Unique

- Cowboy Hospitality! Preserving the real Old West character, this town is both rustic and refined, offering all the modern amenities in an understated way, with heaps of Western Hospitality.
- Plenty of Elbowroom! With 2,500 acres of in-bounds terrain Jackson Hole's biggest day ever was just under 7,500 skiers and riders. That's just 3 Skiers/Riders per Acre!!
- Abundant Wildlife. It is very common for winter visitors to see Moose, Elk, Deer and Coyote all around the valley....even on the ski hill!
- Our proximity to Yellowstone and Grand Teton National Parks, and the National Elk Refuge make Jackson Hole a hub for many great outdoor activities, outside skiing and snowboarding.
- Great terrain for every ability. Half of our mountain (1,250 acres) is catered to the Beginner and Intermediate skier and rider. The other half of the mountain will give the more adventurous skier and rider more than they can handle! 50% Advanced, 40% Intermediate, 10% Beginner.

Winter Activities

- Tours & Tips: Take a Mountain Tour guided by our MSS Staff and get some pointers while getting oriented with the mountain.
